PRESS RELEASE:

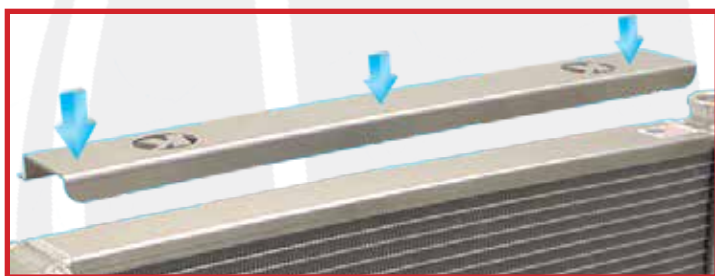

Radiator Hold Down Kit

Keyser Manufacturing is now offering a Radiator Hold Down Kit. This kit makes it easy to mount a standard Keyser radiator to the chassis. The top mount of the kit saddles to the top of the radiator and includes: (2) 3/8" threaded tubing drilled and tapped on both ends for 1/4"-20 fittings and (2) straps. Mounting options include using the tubing or welding the straps to the top mount saddle and then bolting to the chassis.

Designed to fit all 27.5" wide Keyser radiators. Will not fit Keyser single core radiators.

PART#: 100 3077

Keyser Manufacturing is a "total solutions provider" of racing products and components, offering the latest in technology and design.
